

## Chesterfield County, Virginia

### Memorandum

**DATE:** AUGUST 30, 2007

**TO:** CHESTERFIELD COUNTY PLANNING COMMISSION

**FROM:** KIRKLAND A. TURNER, DIRECTOR OF PLANNING

**SUBJECT:** PROPOSED ZONING ORDINANCE AMENDMENT RELATING TO THE OPERATION OF MOTORCYCLES, ATVs, AND GO-CARTS ON AGRICULTURAL AND RESIDENTIAL PROPERTY

#### Background

In the past year several situations have been brought to the attention of the Planning Department where county citizens have made improvements to their residential or agriculturally zoned property to create tracks for the operation of motorcycles, go-carts or all-terrain vehicles. The use of these tracks has created detrimental conditions for neighbors due to noise, light and dust.

On July 25, 2007, the Board of Supervisors referred the proposed Zoning Ordinance amendments to County Code Sections 19-65 and 19-124 to the Planning Commission. On August 14, 2007, this proposed Ordinance was discussed at your work session and placed on the Planning Commission's September 18, 2007, docket for a public hearing.

#### What is Proposed

The proposed amendments to the Zoning Ordinance would permit the operation of motorcycles, go-carts or all-terrain vehicles on agriculturally and residentially zoned property. However, it would not permit the creation of a track or path for the vehicles on residentially zoned property. The proposed amendments would also restrict tracks and paths on agriculturally zoned property to no closer than 1,000 feet to residentially zoned property.

Physical improvements such as lights, grading, pavement and grandstands for the operation of motorcycles, go-carts or all-terrain vehicles would also not be permitted on residentially or agriculturally zoned property.

County planning staff has sought to balance the rights of individuals to enjoy recreational activities on their property with the rights of neighboring property owners to be able to enjoy their own property without excessive noise, light or dust. If this ordinance is adopted it will only apply to tracks created after the effective date of the ordinance.

Planning staff recommends that these proposed amendments be approved. Should you have questions you can contact Ted Barclay at 748-1802 or me.
